[Read Intel® FPGA Software Installation FAQ](#)

Giải nén file .tar download về bằng phần mềm Winrar hoặc 7zip.

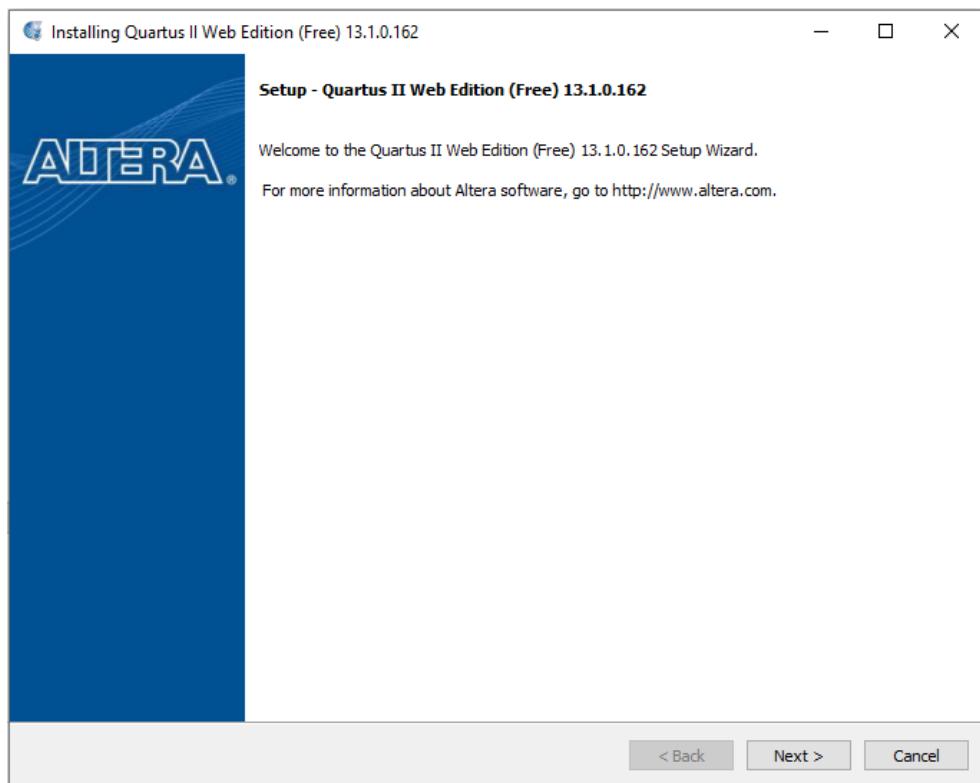

Vào folder vừa giải nén được, chạy file setup.bat.

Đợi 1 chút để loading file cài đặt.

Hộp thoại cài đặt hiện ra. Bấm Next.

Tích vào I accept the agreement và chọn Next.

License Agreement

Please read the following License Agreement. You must accept the terms of this agreement before continuing with the installation.

This document contains four separate licensing agreements, identified as "LICENSE.TXT FILE for Nios II v13.1 EDS," "MegaCore Function License Agreement," "Altera SDK for OpenCL™," and "Quartus II, Version 13.1 Standard License Agreement." Acceptance of the terms and conditions of this document serves as an acceptance of each of the three licensing agreements as if they were individually and separately accepted. The terms and conditions of each of the three separate licensing agreements in this document is deemed to be the terms and conditions of a standalone licensing agreement and governs its respective licensing agreement without modifying the terms and conditions of other licensing agreements in this document.

The following provision applies to all three licensing agreements below: Altera may store your data and information on its own servers or on servers hosted by third parties. If Altera is providing any software to you for use via the Internet, such software may also be stored on our servers or servers hosted by third parties. For any information, data or software hosted by a third party, although every reasonable effort will be made to keep data and information secure

Do you accept this license? I accept the agreement
 I do not accept the agreement
